

Create this in PHP

```
<div style="background:#bbb">the current value of $i is 1</div><div style="background:#eee">the  
current value of $i is 2</div><div style="background:#bbb">the current value of $i is 3  
</div><div style="background:#eee">the current value of $i is 4</div><div style=  
"background:#bbb">the current value of $i is 5</div><div style="background:#eee">the current  
value of $i is 6</div><div style="background:#bbb">the current value of $i is 7</div><div style=  
"background:#eee">the current value of $i is 8</div><div style="background:#bbb">the current  
value of $i is 9</div><div style="background:#eee">the current value of $i is 10</div>
```
